

> INTEGRATED MANAGEMENT SYSTEM POLICY

Techocean Group operates in the Manufacturing, Coating, Maintenance and Installation of metallic structures, piping systems, and machining accessories. It also provides Non-Destructive Testing (NDT) Inspection, Manpower Supply, Specialized Services, and Industrial Rope Access Management in the Oil and Gas sector.

The company's core values are Quality, Safety, Environment, and Health, which ensure its long-term sustainability, and are guided by the following principles:

- Focus on **customer satisfaction**, based on meeting their needs expectations;
- Commitment to **environmental protection and pollution prevention by reducing waste generation** and promoting the conscious consumption of natural resources
- **Prevention of work-related incidents and accidents, with a commitment to eliminating hazards, reducing occupational health and safety risks, and preventing occupational illnesses** among employees;
- **Compliance with legal requirements and other applicable obligations** (customers, suppliers, and other stakeholders)
- Effective commitment to the **continuous improvement** of processes and results through critical analysis;
- Commitment to the **consultation and participation of workers** and their representatives.
